Rev. W. C. Robinson.
Delhi, N. Y.

Dear Sir:

Your attention is called to the method of packing lantern slides when returned to us. This action is taken because so many slides, while received by the customers in good condition, are broken when returned.

We take every precaution in packing slides and it will be noted that ten or twelve slides are placed in small boxes and that these boxes when placed in the large mailing box are protected by newspapers placed between the outer part of the box and the contents. Even with this precaution the slides are sometimes broken through careless handling by the postal authorities.

It will be greatly appreciated if you will kindly co-operate with us to the greatest extent possible by packing the slides when returned to us in the same way in which they were received.

Yours very truly,
Williams, Brown & Earle, Inc.

We are shipping to-day slides and lecture on the "Good Shepherd" as per your order. Trusting they are satisfactory and thanking you for your valued order. W. B. & E. Inc. Per Dww.

Mr. W.C.Robinson,
Delhi,
New York.

Dear Sir:

We acknowledge receipt of your letter of the 9th, and we very much regret to learn that you were disappointed in your lecture in not having the slides on the lecture set, "The Good Shepherd", regarding which beg to advise that these slides were forwarded to you parcel post on November 4th, and we surely feel that four days is more than sufficient time for these slides in transit. Parcel post is very slow at times and to some extent we cannot place much dependence on the deliveries.

We exceedingly regret that you were unable to give your lecture, yet at the same time we cannot feel that we are to blame in the matter, although we are perfectly willing to do anything in our power to help straighten out the difficulty.

There is no question but what you have received the slides by this time, and will ask you to hold them until such time as you contemplate giving your next lecture.

Trusting that the same condition will not exist in the future, we beg to remain

Very truly yours,

WILLIAMS BROWN & EARLE INC.

My Dear Dr Robinson

I was much pleased to receive a copy of the Sermon preached by your Son on the birth of our Lord.

There can be no doubt as to where he stands and it is encouraging to have such a clear and Masterly statement from him in these days of denial and doubt.

We thank you for thinking of us in sending it and we shall pass it along to those who will appreciate it

We are all as well as may be expected and hope that you and Mrs Robinson are enjoying all of our Father's great gifts

I am Sincerely Your Friend

FIRST PRESBYTERIAN CHURCH
STAMFORD-IN-THE-CATSKILLS
NEW YORK

WILLIAM H. WILLITS
MINISTER

Dear Dr. Robinson:

I will be very glad to arrange to come to the First Church for Sunday morning Feby 24th.

My people are greatly in need of a change of diet. I have stuck by them every Sunday since vacation in the Spring.
But I am afraid your people will not appreciate a change.

Will you let me know the hour of service, and the order of service if it is at all unusual? And any other instructions will be gratefully received.

Our best regards to Mrs. Robinson and yourself.

Heartily,

W. H. Willits

New York city.

My dear Dr. Robinson —

Your letter has been a great source of comfort to me as I have read it and re-read it — Now I am sending it to California that Margaret and George may be helped by it too.

Many have written me that they loved and admired my beautiful mother — but you have and understood her splendid admirable soul when she was going through that hard lonely struggle! I am sure you must have helped her.

Your tribute to her work touches me especially. How we all love & feel that, in

our work. With all the disappointments of it, sometimes we have counted! And you have remembered her editorial during all these years which has brought you so much recognition? How pleased and proud she will be to know this!

The latter part of May, George and Margaret are coming East

and we are all going to Petaluma to leave the cherished earthly part in the dear little Cemetery there. There will be another service, and how wonderful it would be if you could be there! Could you possibly consider it?

Your Letter recalls how
very dear both you and
Mrs. Robinson were to me
in my Earlier Home.
Dear Friends! Love &
thanks you for still
Care so much! &
think our Friends

Lee has read and appreciated
your Letter also, very deeply,
and would join me in Regards
and kindest thanks.

Dear Dr Robinson

At church to-day I accidently heard that you were coming to to Phila this week. I think it was Thursday. Could you come and have dinner with us on that evening? Perhaps I could hear from you before then, or you could call us up as soon as you

come to the city our phone number is Poplar 0141. We surely do miss you so much also Mrs Robinson, are so sorry you both left us.

I hope you are both real well, suppose you have lots of snow up there, we have had one little fall. Just see how nice and warm you could have been here in Winter, but perhaps you like the snow.

Hoping to hear from you, and see you soon,

and with kindest regards
from us all to you and
Mrs Robinson. I am
Yours sincerely
Jennie B. Walker.
